

Schedule a fleet of 100 mobile nurses nationwide to visit patients in their homes with differing care requirements, ranging from general nursing and support services to rehabilitation and chronic disease management.

70%

increase in on-time compliance

11%

reduction in annual cost

30%

reduction in contract labour

“Daitum has become a critical part of the engine that drives our operation. Their platform has allowed us to fundamentally transform our approach to how we optimise our staff, to deliver care in the community.”

- Eileen Schultz Head Of Homecare Operations
